Anthony, thanks for your patience. Attached is the updated version of the memo for you to review.

ESTH folks: I just updated the Segré bio to reflect that he is also the President of FICO Foundation (one of the four entities that will be signing the MOU tomorrow at the food waste event), and noted throughout that FICO is being built on the grounds of CAAB (to explain CAAB's role in the event).

Eataly is very excited on their website about the signing. See below:

Thanks -
